

MOCH. TAJUDDIN AL ANSHORI

He / Him | +6282334973833 | [Email](#) | [LinkedIn](#) | [Github](#) | [Personal Website](#)

Informatics engineering graduate with a strong passion for Front-End Development and UI/UX Design. Experienced in creating dynamic, user-centered interfaces and intuitive digital experiences using modern web technologies (HTML, CSS, JavaScript, React, Bootstrap) and design tools (Figma). Skilled in collaborating with cross-functional teams to deliver high-quality web applications. Eager to apply my skills and contribute to challenging and growth-oriented projects.

TECHNICAL SKILLS

Web Development: HTML, CSS, Javascript, ReactJS, Bootstrap, PHP, Laravel, Python, SQL

UIUX Design: Figma, Wireframing, Prototyping

Version Control: Git, Github

Tools: Visual Studio Code, Netlify, Github, Postman

Data Entry: Data Management, Microsoft Excel, Google Sheets, Data Validation, Data Cleaning, Data Migration, Typing Speed (WPM), Attention to Detail, Accuracy & Confidentiality

EDUCATION

Institut Teknologi Perusahaan Listrik Negara Jakarta

Jakarta, ID

Bachelor of Informatics Engineering (GPA: 3.83/4.00)

2020 – 2024

- Relevant coursework: Web Development, Databases, User Interface Design, Algorithms & Data Structures, Software Engineering

EXPERIENCE

PT Indonesian Comnets Plus (Icon Plus)

Jakarta, ID

Front End Developer

Oct 2023 – Jan 2024

- Designed and developed UI/UX for IOffice Plus Dashboard, enhancing employee attendance management for PT PLN Icon Plus.
- Developed the front-end for Smart Trip Sumedang, a travel management system, with a focus on an intuitive and user-friendly interface.
- Built the Smart Trip Sumedang Dashboard using HTML, CSS, and Bootstrap, integrating it with Laravel for dynamic data management.
- Gained hands-on experience in back-end development with Laravel for basic CRUD operations using SQL.

Multimedia Laboratory Institut Teknologi PLN

Jakarta, ID

Laboratory Assistant (Digital Creative)

July 2022 – Feb 2024

- Provided mentorship to student on UIUX Design principles and to use of design tools like figma and visual studio code
- Taught multimedia concepts, including user interface design, coding tools, and digital creative software

SKILVUL ACADEMY KAMPUS MERDEKA BATCH 4 STUDI INDEPENDEN

Jakarta, ID

Front End Development Path Student

Feb – June 2023

- Completed a series of hands-on courses in front-end development, focusing on web technologies (HTML, CSS, JavaScript / ReactJS) and UI/UX design using Figma.
- Developed an educational platform prototype aimed at simplifying online learning systems.

PROJECT

LMS Siskuring Web

Front End Development

Jakarta, ID

Jun 2024 – Present

- Developed a responsive LMS interface using Bootstrap 4 within a Django framework.
- Utilized Postman API for seamless data interaction, improving user experience for educational management.

BMI Calculator Web

Front End Development

Jakarta, ID

March 2023

- Created a BMI calculator app using ReactJS, implementing state management, responsive design, and interactive UI/UX.
- Developed the app using Figma for design, GitHub for version control, and Visual Studio Code as the development environment.
- Project Results : <https://kalkulator-bmi-two.vercel.app/>

Braner Education Web

Front End Development

Jakarta, ID

Apr – June 2023

- Designed an educational website from scratch, tailored for students, focusing on user experience and intuitive navigation.
- Created prototypes and wireframes using Figma, progressing to high-fidelity designs for a seamless visual identity.
- Implementing UI/UX design into a functional educational website using React.js and Bootstrap to ensure responsiveness and consistency across devices and tools collaboration GitHub.
- Developed a clean, modern interface focused on accessibility and usability, ensuring a seamless user experience.
- Project Results : <https://finalproject-braineredu-fe14.netlify.app/>

Tour Guide of Jakarta

UI/UX Design

Jakarta, ID

Nov 2022 – Jan 2023

- Developed a tour guide application for Jakarta from scratch, conducting user research to craft an intuitive interface.
- Designed interactive prototypes with Figma, including features like maps, tour schedules, and destination details.
- Focused on delivering a user-friendly experience for both local and international travelers by integrating essential functionalities.

CERTIFICATION

Microsoft Certified Fundamental (MCF)

Certiport – ITCC Laboratory ITPLN

Jakarta, ID

2024

Pemrogramman HTML, CSS dan Javascript

Skilvul

Jakarta, ID

2023

Pemrogramman Dasar Front End

Dicoding Indonesia

Jakarta, ID

2023

Figma Masterclass UI/UX Design

Meizink Academy

Jakarta, ID

2022

Microsoft Office Specialist (Word)

Certiport – ITCC Laboratory ITPLN

Jakarta, ID
