MOCH. TAJUDDIN AL ANSHORI

He / Him | +6282334973833 | Email | LinkedIn | Github | Personal Website

Informatics Engineering graduate with experience in Application Support, including APKT application monitoring, SLA-based ticket management, troubleshooting, PostgreSQL and Oracle SQL database operations, and SAIDI & SAIFI data reconciliation using ClickHouse. Skilled in HTML, CSS, JavaScript, React, Bootstrap, and Figma, with a strong interest in Front-End Development and UI/UX Design. Adaptable, collaborative, and problem-solving oriented, with a focus on system performance and user experience.

EXPERIENCE

PT Indonesian Comnets Plus (Icon Plus) Jakarta, ID
Application Support Apr 2025 – Present

- Monitor and maintain the Integrated Complaint Management Application (APKT) to ensure system stability, application performance, and service availability.
- Manage SLA-based incident and service request tickets, including issue analysis, troubleshooting, root cause identification, and application error resolution.
- Develop and execute PostgreSQL and Oracle SQL queries to fulfill user data requests, perform data insertion and updates, and support operational requirements.
- Perform SAIDI and SAIFI data reconciliation and reporting using ClickHouse to validate data accuracy, identify discrepancies, and ensure data consistency for operational reporting.

PT Indonesian Comnets Plus (Icon Plus) Jakarta, ID
Front End Developer Oct 2023 – Jan 2024

- Designed and developed UI/UX for IOffice Plus Dashboard, enhancing employee attendance management for PT PLN Icon Plus.
- Developed the front-end for Smart Trip Sumedang, a travel management system, with a focus on an intuitive and user-friendly interface.
- Built the Smart Trip Sumedang Dashboard using HTML, CSS, and Bootstrap, integrating it with Laravel for dynamic data management.
- Gained hands-on experience in back-end development with Laravel for basic CRUD operations using SQL.

Multimedia Laboratory Institut Teknologi PLN Jakarta, ID
Laboratory Assistant (Digital Creative) July 2022 – Februari 2024

- Provided mentorship to students on UI/UX design principles and the use of design tools like Figma and Visual Studio Code.
- Taught multimedia concepts, including user interface design, coding tools, and digital creative software.

EDUCATION

SKILVUL ACADEMY KAMPUS MERDEKA BATCH 4 STUDI INDEPENDEN Jakarta, ID
Front End Development Path Student February – June 2023

- Completed a series of hands-on courses in front-end development, focusing on web technologies (HTML, CSS, JavaScript / ReactJS) and UI/UX design using Figma.
- Developed an educational platform prototype aimed at simplifying online learning systems.

INSTITUT TEKNOLOGI PERUSAHAAN LISTRIK NEGARA Jakarta, ID
Bachelor of Informatics Engineering (GPA: 3.83/4.00) 2020 – 2024

- Relevant coursework: Web Development, Databases, User Interface Design, Algorithms & Data Structures, Software Engineering

EXPERIENCE AND ACHIEVEMENT

UI/UX Design Competition 2022 Universitas Mulawarman Samarinda Jakarta, ID
UI Designer Nov 2022

- Achieved 2nd place in a UI design competition for a health-focused website, recognized for usability and functional design

---

PROJECT

LMS Siskuring Web Jakarta, ID
Front End Development Jun 2024 – Present

- Developed a responsive LMS interface using Bootstrap 4 within a Django framework.
- Utilized Postman API for seamless data interaction, improving user experience for educational management.

Smart Trip Sumedang Web Jakarta, ID
Front End Development Sept 2023 – Jan 2024

- Built the front-end for Smart Trip Sumedang Dashboard using HTML, CSS, and Bootstrap, integrating with Laravel for dynamic data management.
- Collaborated closely with the design and development teams to ensure a seamless and engaging user experience.

Personal Web Jakarta, ID
Front End Development July 2023

- Designed and developed a fully responsive personal website using HTML, CSS, and JavaScript.
- Deployed website using Netlify, showcasing skills in front-end development and web design principles.

BMI Calculator Web Jakarta, ID
Front End Development March 2023

- Created a BMI calculator app using ReactJS, implementing state management, responsive design, and interactive UI/UX.
- Developed the app using Figma for design, GitHub for version control, and Visual Studio Code as the development environment.

Braner Education Web Jakarta, ID
Front End Development February – June 2023

- Designed an educational website theme tailored to student users, utilizing HTML, CSS, Figma, and GitHub.
- Developed a clean, modern interface focused on accessibility and usability, ensuring a seamless user experience.

Pemilu Online Website Jakarta, ID
UI/UX Design March – July 2022

- Designed wireframes, user flows, and high-fidelity UI for a voting application, emphasizing ease of use and intuitive navigation.
- Collaborated with a team using Figma for prototyping and iteration, ensuring a user-friendly design.

CERTIFICATION

Microsoft Certified Fundamental (MCF) — Jakarta, ID
Certiport – ITCC Laboratory ITPLN — 2024

Pemrogramman HTML, CSS dan Javascript — Jakarta, ID
Skilvul — 2023

Pemrogramman Dasar Front End — Jakarta, ID
Dicoding Indonesia — 2023

Figma Masterclass UIUX Design — Jakarta, ID
Meizink Academy — 2022

Microsoft Office Specialist (Word) — Jakarta, ID
Certiport – ITCC Laboratory ITPLN — 2021

SKILL AND INTEREST

Technical Skills

- **Web Development**: HTML, CSS, Javascript, ReactJS, Bootstrap, PHP, Laravel, Python, SQL
- **UIUX Design**: Figma, Wireframing, Prototyping
- Version Control: Git, Github
- **Tools**: Visual Studio Code, Netlify, Github, Postman
- **Data Entry**: Data Management, Microsoft Excel, Google Sheets, Data Validation, Data Cleaning, Data Migration, Typing Speed (WPM), Attention to Detail, Accuracy & Confidentiality

Soft Skills

- Project Management
- Problem Solving
- Team Collaboration
- Attention to Detail

Interest

- Technology and digital Industries
- Social Movement & Environmental Advocacy
- Collaborations Teamwork and Product Developmment
